COMMUNITY RESOURCE DEVELOPMENT PLAN (CRDP) FISCAL YEAR 2021-2022 (07/12/2021)

Welfare and Institutions Code Section 4625.5(c)

Fiscal Year	Type of Development
FY2122	Develop a community clinic. Currently Kern County lacks continuity care services that include comprehensive care for treatment and management for people with Developmental and Intellectual Disabilities with integration with community resources and services for people of all ages. Right now we are seeing the lot of the population outgrowing their pediatrician but no continuity care transition to a provider who can take on their caseload and provide continuity services. Which is resulting in the majority of people getting services through walk in or urgent care creating discontinuous care leading to increase in medical errors and lack of coordination with community services. This particularly affects this population because they often have extensive medical history with multiple medications that need careful and strict oversight and attention.
FY2122	one 4-bed Enhanced Behavior Support Home (EBHS) for Adult Males with Delayed Egress. To serve consumers who require intensive services and support due to challenging behaviors that cannot be managed in community setting without the availability of enhanced behavior services and supports, and who are now in a more restrictive living arrangements, including locked mental health facility or crisis homes.
FY2122	one 4-bed Level 4I Children's Home. To serve dually diagnosed female adolescents, ages 14 to 17, who requires intensive services and support due to challenging behaviors.
FY2122	Transportation services and transportation assistant services to consumers with developmental disabilities who resides in Eastern Kern County. Transporting consumers to and from their place of residence in the Eastern Kern County catchment area to day programs within the Antelope Valley Region. Hours from 6am to 10:30am and 1:30pm to 6pm each weekday. The round trip between the consumer's residence and their respective day program is approximately 80 miles. Consumer may need supervision, assistance with wheelchairs, or assistance and monitoring while being transported. Currently need four (4) routes to serve approximately twenty-two (22) consumers in Eastern Kern County.
FY2122	Full service transportation broker, who provides scheduling, routing, oversight of all contract transportation services, quality assurance and biannual transportation audits.
FY2122	Financial Management Services (FMS) provider to assist with Paid Internship Program (PIP) and/or Competitive Integrated Employment (CIE). To ensure that incentive and wages are tracked and monitored for the consumer benefit. This would open PIP and CIE to other vendored types providers.
FY2122	Provide training to local Providers, Behavior Health, Police and Sheriff in mental health approaches to individuals with developmental disabilities. Specifically, the assessment of risk and manageability of individuals with developmental and intellectual limitations who offend sexually (ARMIDIL0-S).
FY2122	Specialized Residential Facility for Adults with 23 hours of nursing needs. To serve consumers who require intensive services and support due to challenging behaviors that cannot be managed in community setting without the availability of enhanced behavior services and supports, and who with require 23 hours of nursing needs.
FY2122	Develop a Multi Family Housing unit in the Inyo/Mono county. Bishop and Mammoth Lakes are laandlocked and affordable housing is limited.
